

GENERAL STATEMENT

Lewis Energy works with contractors, suppliers and partners to carry out our operations. Our ability to be safe and responsible partially depends on the performance of those helping us in carrying our operations. Therefore, we seek to build relationships based on trust, ethics and fair practices with our approved vendors. A vendor must be approved prior to performing work for Lewis Energy.

NEW VENDORS

If you are interested in becoming an approved vendor for Lewis Energy, please contact Procurement@lewisenergy.com for further information.

Please note that completing the Vendor qualification process does not guarantee future business and bidding opportunities.

INVOICE SUBMISSION

All invoices shall be submitted in accordance with our Vendor Invoicing Requirements and Submission Procedures which can be found on this website.

SAFETY

The safety of our employees, owners, contractors, environment and the public is our highest value. Employees and contractors are obligated to stop work they believe could adversely impact the health and safety of others or the environment. Please review our Contractor Health Safety & Environmental Guidelines which can be found on this website.

Lewis Energy Group has established a relationship with ISNetworld (ISN) to help our company objectively manage contractor requirements regarding environmental, health and safety programs. For any Lewis Energy ISN inquiries please contact Procurement@lewisenergy.com.

CONTACTS
